Our Office Cancellation Policy

We set aside dedicated time for each appointment to make sure every patient gets individual attention. If you are not able to make your appointed time, please let us know in advance so that we can provide that time to other patients.

Our office requires a **48 hour advance notice** for cancelling an appointment during our business hours (*please do not call after business hours or on Wednesdays and weekends when we are closed*). **Failure to contact our office within 48 hours of your appointment or if you are a no-show for an appointment, will result in a \$40 charge.** This charge will not be covered by insurance. If you cancel or no-show 3 consecutive appointments, you may be asked to find a new dental office that may best fit your needs.

By signing this agreement, you agree to the above terms and conditions.
